

Click Pack – 20 Litre

Description

Plastic Container with Screw Lid Closure

For pharmaceuticals, specialty chemicals and food ingredients

This UN certified pail lowers the cost of and reduces the space needed for storing and shipping empty packaging. It protects your valuable products from moisture, from contamination, and against tampering. The quarter-turn screw lid closure reduces handling time.

PLEASE NOTE although this product can be used with liquids it is NOT water tight – Once closed and locked, the UN Solids certification is valid and the container is moisture vapour tight.
