

## PET Jar – 380 ml

### Description

#### Benefits of PET Containers

- Manufactured in Food Grade Materials.
- The material we use has exceptional levels of transparency which ensures that the product inside the jar can be seen by consumers in high definition.
- Superior strength and quality with excellent impact resistance to minimise damage in use/transportation.
- Our injection moulding system creates a finish with a smoother and more consistent neck profile, which eliminates any sharp edges.

#### Further information:

1. Standard Range colours for both the 110mm and 70mm caps include the following colours Red, Blue, Black, White, Green and Yellow.
2. Induction Heat Seal caps offer tamper evident foil seal on top of the jar, following an induction process after packing.
