

PET Jar – 4430 ml

Description

Benefits of PET Containers

- Exceptional levels of transparency ensuring the product inside the jar can be seen by consumers in high definition
- Superior strength and quality, with excellent impact resistance to minimise damage in use/transportation
- Our injection moulding system creates a neck finish with a smoother and more consistent neck profile, which eliminates any sharp edges

Further information:

1. Standard Range colours for both the 110mm and 70mm caps include the following colours Red, Blue, Black, White, Green and Yellow.
2. Induction Heat Seal caps offer tamper evident foil seal on top of the jar, following an induction process after packing. Caps are available for only 110mm size and come in two colours white and black.
3. Victorian Style : Available only in clear with a screw top thread to fit all jars with a 110mm Neck. The cap offers additional style and shelf appeal to all products particularly when used with the Round 110ml Victorian Style Cap.
