

PET Jar – 500ml Gripper

Description

Benefits of PET Containers:

- Manufactured in Food Grade Materials
- The material we use has exceptional levels of transparency which ensures that the product inside the jar can be seen by consumers in high definition
- Superior strength and quality with excellent impact resistance to minimise damage in use/transportation
- Our injection moulding system creates a neck finish with a smoother and more consistent neck profile, which eliminates any sharp edges

Further information:

63mm shaker style caps come in Black with induction heat seal.

*Induction Heat Seal caps offer tamper evident foil seal on top of the jar, following an induction process after packing.

Date Created
