

## 10 Litre Lever Lid Tin

DB10-0L003

This 10 litre lever lid tin, is ideal for storage and transportation of various liquids, such as: varnishes, paints, solvents, adhesives & chemicals.

Lever lids provide a tight seal, ensuring that products do not leak or dry out. Once opened they may be re-sealed many times to preserve their contents. In addition we can provide spring clips to further secure the lid, providing extra protection from leakage during transit and storage.

### Dimensions:

Width:	254mm
Height Between Seams	248mm
Height Over Double Seams	254mm

### Container Body:

Material Type	Tinplate
Material Thickness:	0.28mm
Internal Coating	Plain
External Coating	White
Side Seam Type	Welded

### Closure:

Closure Type	Lever Lid
Material Type:	Tinplate
Material Thickness:	0.25mm
Internal Coating:	Plain
External Coating:	White
Weight:	146g (+/- 1g)

### Capacity & Weight:

Volume - Nominal	10,000ml
Volume - Brimful	10,200ml
Weight Without Lid	769g (+/- 1g)

### Container Top / Ring:

Material Type	Tinplate
Material Thickness:	0.32mm
Internal Coating	Plain
External Coating	Plain

### Container Base / End:

Material Type	Tinplate
Material Thickness:	0.32mm
Internal Coating	Plain
External Coating	Plain
